ORDER

Joint report, No. 93, noted and appreciated. The Court agrees with this common sense proposal with one exception. The motion to supplement, No. 90, is denied without prejudice. The parties should revisit the supplementation issue, if need be, down the line. The Court looks forward to getting the upcoming report by 8 July 2016. The Court requests that all the parties keep in mind the age of this case and the need for resolution sooner rather than later.

So Ordered.
